## Summary

Motivated and tech-savvy Computer Science student with hands-on experience in web development, Java programming, and project-based learning. Strong foundation in data structures, algorithms, and software engineering principles. Actively involved in coding competitions, developer communities, and open-source programs. Quick learner with excellent problem-solving skills and a passion for building impactful digital solutions. Eager to contribute to real-world projects and grow in a dynamic tech environment. Currently exploring opportunities to apply my skills in internships and collaborative tech projects.

## Education

### Sobhasaria Group Of Institutions

Bachelor's in Computer Application (BCA) - Computer Science

*Sikar, Rajasthan*

Jul 2023 - Jul 2026

### Gyanodaya Public School

12th class Physics Chemistry Biology

*Sikar, Rajasthan*

2022

## Experience

### GirlScript Summer of Code

Campus Ambassador

*Delhi*

Jul 2025 - Sep 2025

- As a Campus Ambassador for GirlScript Summer of Code (GSSoC), you represent one of India's most impactful open-source programs on your campus.
- Your responsibilities include promoting GSSoC among students, encouraging open-source contributions, organizing info sessions or meetups, and guiding peers through the registration and participation process.

## Social Summer of Code

Open Source Contributor

Jun 2025 - Aug 2025

*Delhi*

- Experienced in contributing clean, efficient code, reviewing pull requests, reporting and resolving issues, and participating in community discussions.
- Skilled in version control systems like Git, and comfortable working across diverse tech stacks.
- Committed to writing quality documentation and helping make open source software more accessible, reliable, and inclusive for users and developers worldwide.

## GirlScript Summer of Code

Open Source Contributor

Oct 2024 - Nov 2024

*Delhi*

- During GSSoC'24 Extended, I'll: Contribute to real-world projects in areas like web development, machine learning, and data science Learn the essentials of clean coding, Git, and collaboration Participate in workshops and connect with a vibrant tech community Build a stronger portfolio with every pull request and gain valuable experience in open-source.

## InternPedia

Internship In Java Programming

Aug 2024 - Aug 2024

*Maharashtra*

- During my internship at InternPedia, I gained extensive hands-on experience in Java programming, contributing to real-world projects and honing my technical skills.

## Certifications

---

- Programming In Java (IIT Kharagpur)
- Agile Project Management (HP LIFE)
- Preparing For Job Interview (UNICEF)
- Postman API Fundamentals Student Expert (Postman)
- Google Ads for Beginners (Coursera)
- Programming Basics (Great Learning)
- Introduction to Microsoft Excel (Udemy)
- Introduction to Communication Skills (Skill India Digital Hub)
- Mini Hackathon Sobhasaria-Solve for tomorrow (Sobhasaria Group Of Institutions)

## Projects

---

### Quiz Application Developed By Using Command Line User Interface In Java

-- This is a basic quiz application made using Command based interface in java and it is very simple to use.
